Can you transfer my old website?

Definetly, and it is free of charge, we will transfer your website from your old host and add it to our servers without you incurring server migration fees. The only charges will be for the web hostingservice.

What is Website Design?

Website design is a process of developing functional and responsive pages displayed on the World Wide Web, as a representation of your business or brand. Every business and brand in today's age needs to have a website, that can be found through Google, Yahoo, Bing, etc.

Can I update my new website myself?

Yes, of course, since afterall the website belongs to you. But if you want us to add and manage the website we would be more than happy to help, just contact us and you'll get monthly web content packages that are affordable.

When should I have to pay?

You will only be required to pay when website and development process has been completed. We will send you the project proposal that includes the timing for the service. When the design process has finished, you can pay right away. We accept payment methods like Bank Transfer, Cash, MasterCard and Payoneer.

Will you maintain my website?

Yes, we shall maintain, add content, and publish them whenever you ask us to.

How long will it take to finish the website?

The website design process can take from 2 to 4 weeks depending upon the content size and features.
